

ARCHITECTURAL INTERN TO PROJECT ARCHITECT

Berglund Architects, a well-established twelve person high-end residential focused architectural firm in Edwards Colorado, is seeking an entry level architectural intern designer with 0-4 years experience as well as a project architect with 5-10 years of work experience. The firm's 2,800 SF industrial loft studio provides a great, fun work environment and is 12 miles west of Vail, Colorado. The firm has a work hard-play hard culture with excellent learning and advancement opportunities.

Berglund Architects specializes in designing cleanly detailed Mountain Modern homes throughout Colorado and the western US with some other modern residential projects throughout the US and the Caribbean. Applicants are encouraged to visit our website to see examples of the firms work and learn more about the company.

Employees are involved with all aspects of initial creative design, client meetings/ correspondence, construction documents, contractor communication and construction observation.

The Vail Valley has an incredible quality of life for people of all ages. Flexible hours allow employees to enjoy the mountain lifestyle and get out to ski on powder days, and hike/bike/run at lunch etc. The Vail Valley and Edwards is a vibrant community with lots of outdoor recreation including world class skiing, biking, hiking, golf, climbing, kayaking and fly fishing as well as cultural opportunities including all types of live music, events and educational and health focused symposiums throughout the year. While we enjoy the benefits of small-town life, there are also a variety of great restaurants, bars and shopping to make life convenient.

A high level of responsibility and a competitive salary is offered along with a year-long comp time program, flexible work hours, full medical benefits, dental benefits, a 4% matching 401k, and a Vail Resorts Epic ski pass to employees.

Applicants must have a 5 year professional degree in architecture or a masters in architecture; excellent graphic, sketching, written and verbal communication skills; strong design abilities; excellent understanding of Revit software; be self-motivated, a team player and enjoy working with others in a highly collaborative work environment. Applicants without Revit experience would be required to take at a minimum a multi-day introduction Revit class on their own time and at their own expense.

Please submit a portfolio showing school design projects, freehand sketch drawings, professional work experience and architectural construction document experience examples. Cover letter should describe applicants architectural career interests, work experience including architectural experience as well as misc. high school and college jobs, travel experience, personal interest/sports/hobbies, and any leadership experiences. Applicants should also provide a resume and a list of references from architectural school studio professors and summer employment if recent grads and any past architectural employers.

Please apply via email at employment@berglundarchitects.com. Please no phone calls or drop ins.

This could be the job and lifestyle you have dreamed about. We offer great career opportunities that rival any urban-based firm with the benefit of an incredible quality of life in a great mountain community. Check us out!!
