

BERGLUND
ARCHITECTS, LLC.

Thank you for your interest in a position at our firm. Along with providing your portfolio and resume we would appreciate if you could answer the following questions.

Do you have an accredited professional 5 year undergraduate degree or graduate degree, or a non-accredited 4 year degree? If non-accredited, do you plan to go to graduate school in the future?

What are you looking for in a job/career? Why are you interested in Berglund Architects?

Describe any unique qualifications, interesting information or additional architectural work experience beyond that in your resume that you feel is relevant to your interest in working for us.

When are you available to start work and how long would you ideally want to live in the Vail Valley and potentially work for us?

Please describe your computer drawing experience and knowledge of different softwares. We use Revit so are particularly interested in your Revit experience. If you have Revit experience, please send us a sample model file of one of your projects so we can review.

Please describe your construction drawing experience and include examples.

Please describe any construction experience and/or your knowledge of the construction industry.

Can you describe your summer jobs or any past work experience? Please provide references.

Please describe leadership positions you have had in your life and any times you felt you were able to display your leadership abilities.

Describe any significant challenges in your life, school, or work experiences and how you overcame them. If you were not as successful as you would have liked, in hindsight what could you have done better? What did you learn from these experiences?

Who are some role models in your life and why?

What Architects do you admire? (living, working or deceased)

Where do you find inspiration in architectural design and life?

What would be your ideal job description?

What would be your ideal life?

What salary range are you looking for?

If you are a foreign applicant, do you have a work visa or the ability to obtain one?
